by integrating conversations across disciplines especially focusing on classical studies and jewish and christian studies this volume addresses several imbalances in scholarship on reading and textual activity in the ancient mediterranean contributors intentionally place jewish christian roman greek and other reading circles back into their encompassing historical context avoiding subdivisions along modern subject lines divisions still bearing marks of cultural and ideological interests in their examination contributors avoid dwelling upon traditional methodological debates over orality vs literacy and social classifications of literacy instead turning their attention to the social historical groups of people circles and networks strata and class scribal culture material culture epigraphic and papyrological evidence functions and types of literacy and the social relationships that all of these entail overall the volume contributes to an emerging and important interdisciplinary collaboration between specialists in ancient literacy encouraging future discussion between two currently divided fields

this excellent resource provides a realistic and systematic process that educators can immediately implement for improving reading and writing while enhancing content knowledge and skills

synthesizing the breadth of current research on the teaching and learning of writing the third edition of this definitive handbook has more than 90 new content reflecting the growth and dynamism of the field leading scholars including many international voices review

major theories developmental issues and instructional approaches for students at all grade levels cognitive and sociocultural aspects of writing are explored in depth as are assessment principles and methods issues in teaching students with disabilities multilingual students and culturally diverse students are addressed the volume discusses innovative research methods and educational technologies and identifies key directions for future investigation new to this edition chapters on executive functions in writing disciplinary writing in math science and social studies the role of vocabulary in writing and formative assessment chapters on source based writing source evaluation and writing development and instruction for african american students chapters on sociocultural aspects of writing from critical literacies to agency and identity social justice issues and more plus an emphasis on integrating cognitive and sociocultural perspectives throughout
