Overview of the Arundel Partners Sequel Project Case The case revolves around Arundel Partners, a film investment firm contemplating whether to finance a sequel to an existing successful film. The core dilemma involves balancing the potential financial upside against the inherent risks associated with sequels—such as market saturation, diminishing returns, and brand fatigue. The case presents a detailed scenario analysis, incorporating quantitative models and qualitative factors to guide decision-making. The primary goal is to determine whether investing in the sequel aligns with Arundel's strategic objectives, risk appetite, and financial expectations.
