the english language is spoken by more than a billion people throughout the world but where did english come from and how has it evolved into the language used today in this very short introduction simon horobin investigates how we have arrived at the english we know today and celebrates the way new speakers and new uses mean that it continues to adapt engaging with contemporary concerns about correctness horobin considers whether such changes are improvements or evidence of slipping standards what is the future for the english language will standard english continue to hold sway or we are witnessing its replacement by newly emerging englishes about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

in far too many places the worldwide trade in english language teaching testing and publishing has become a self perpetuating self congratulating neocolonial monster a veritable multi headed hydra too often the english language industry aggressively promotes itself as some sort of uplifting essential proper or even better means of communication than any other language unfortunately its relentless global outreach is taking place at the direct expense and the active denigration of local and regional languages not to mention individual identities english language as hydra brings together the voices of linguists literary figures and teaching professionals in a wide ranging exposé of this monstrous hydra in action on four continents it provides a showcase of the diverse and powerful impacts that this ever evolving gluttonous beast has had on so many non english language cultures as well as the surreptitious drug like ways in which it can infiltrate individual psyches

the english language is the medium of globalisation and it is itself deeply affected by globalisation as a result the teaching and learning dimension of english as a tool for global communication needs rethinking especially in the traditional english language classroom which is still largely based on anglo american language norms and contents the articles of this volume reflect the ongoing international discussion with regard to the use and acquisition of

english in a world wide context the contributions cover four essential domains of this discussion 1 political cultural and sociolinguistic dimensions 2 teaching and learning english in a global context old and new standards 3 learners in primary secondary and higher education focus on europe and 4 teacher education the volume goes beyond the language teaching context and approaches the globalisation of english from several perspectives

february issue includes appendix entitled directory of united states government periodicals and subscription publications september issue includes list of depository libraries june and december issues include semiannual index

report of the dominion fishery commission on the fisheries of the province of ontario 1893 issued as vol 26 no 7 supplement

unlike other histories of the english language this introduction cuts away traditional divisions into old middle and modern english to chart the rise of and changes in standard english it covers the english and historical background changes in phonology vocabulary and syntax and offers close analyses of individual texts of english from a wide range of periods the final chapter focuses on the place of english as a world language and the growing array of the varieties of english spoken today a useful appendix gives definitions of technical terms and phonetic symbols
