the fourth edition of the viking age provides an extensive deep dive into the world of the vikings spanning from the eighth and ninth centuries to the present while also featuring key scholarly interpretations from the late twentieth and early twenty first centuries building on the structure and content of previous editions nearly every chapter has been reworked and expanded with the addition of an entirely new chapter on commerce and trade this edition broadens the range of materials while preserving the innovations of earlier editions and advancing them in new directions in the viking age readers are submerged in a comprehensive exploration of the viking era covering essential topics such as the role of women in viking society the significance of slavery in the viking economy commerce and trade the use of arabic sources viking religion fertility gods guardian spirits the exploits

of the Norse kings of man and the isles the importance of Scandinavian and maritime law the enduring legacy of the Vikings and more this extensively revised edition ultimately brings the Vikings and their world to life for twenty-first century students and instructors

How human behavior brought our world to the brink and how human behavior can save us the world is a mess our dire predicament from collapsing social structures to the climate crisis has been millennia in the making and can be traced back to the erroneous belief that the Earth's resources are infinite the key to change says Don Norman is human behavior covered in the book's three major themes meaning sustainability and humanity centeredness emphasize quality of life not monetary rewards restructure how we live to better protect the environment and focus on all of humanity design for a better world presents an eye-opening diagnosis of where we've gone wrong and a clear prescription for making things better Norman proposes a new way of thinking one that recognizes our place in a complex global system where even simple behaviors affect the entire world he identifies the economic metrics that contribute to the harmful effects of commerce and manufacturing and proposes a recalibration of what we consider important in life his experience as both a scientist and business executive gives him the perspective to show how to make these changes while maintaining a thriving economy let the change begin with this book before it's too late

bursting with full colour illustrations a handy complete guide to the Vikings from the lives they led at home to their voyages of plunder across Europe and into America
