Play it Your Way

Jamz is the first of Lladró's lighting collections to draw inspiration from jazz music. The improvisation so unique to jazz also lends itself to the creation of bespoke editions.

With lines reminiscent of wind instruments combined with gold, copper and black metals with porcelain, this singular selection of hanging, floor and reading lamps are destined to strike the right note.

The creamy memory of an ice cream is captured in an eternal swirl with this stunning Ice Cream lamp. Its translucent matte white porcelain surface invites to the touch, while its sweet melting lines are bathed in a warm and golden glow.

Reminiscent of a traditional paper lantern with a twist, the Ice Cream lamp can be used as a table lamp or hung to create a pendant version. The steel base with golden finish marries perfectly with a pink or blue leather cover that extends to the lamp's top handle.

Re-Cyclos

by Bodo Sperlein

Nature is in a constant state of evolution and regeneration... This was the basic principle behind the Re-Cyclos project which saw Lladró invite celebrated international designers to give life to new collections using the brand's signature elements and themes.

German creative Bodo Sperlein turned his attention to Lladró's mix of nature and fantasy to create a collection of chandeliers inspired by fairies in the Niagara version, and leaves in the Magic Forest version.

Snow-Frosted Fairytales

When crystal is transformed into porcelain and the fabric of lampshades into lithophanes, the warmth of the light created is multiplied.

Patterns individually etched by hand on the surface of this chandelier make fairytales a malleable reality.

Color replaces the melting winter with the Winter Palace Chandelier—Côte d'Azur, edition, inviting a note of freshness to interiors.

The gold edition of the Winter Palace is even more luxurious, with its regal beads acting as tantalizing reminders of this collection's namesake.

The Fantasy

by Jaime Hayon

12

The Clown Lamp

Like all the pieces in Jaime Hayon's The Fantasy collection, this creation arises from the fusion of a classic Lladro theme such as the circus and the playful sense and fantasy that the Spanish creative Jaime Hayon brings to his designs. With elegance and a casual attitude, the magic of the circus inspires this innovative lamp in the form of a clown with a golden nose.

A perfect balance between expression and functionality in this piece that brings back childhood memories.

A Journey Through History

In Medieval Japan, the sandogasa, a large sun hat fashioned from straw, accompanied travelers on their long journeys across the country. It was these hats, and the traditional hairstyles that hid behind them, that inspired Japanese designer Hisakazu Shimizu to create this original collection of lamps.

Starting with their black satin wood bases and ending with shades made with layers of hand-blown Murano crystal, the sheer luster of these creations are sure to make an impression.
